

MATRIX REDD

BUILD

The Aelius Matrix REDD boasts subtle metal heat sinks, a slim bare aluminum design, and remote mount Meanwell drivers. Perfect for vertical flowering locations, the Matrix REDD is sure to set your canopy apart. Six sleek light bars ensure even coverage of its unique far-red spectrum. This fixture will not disappoint!

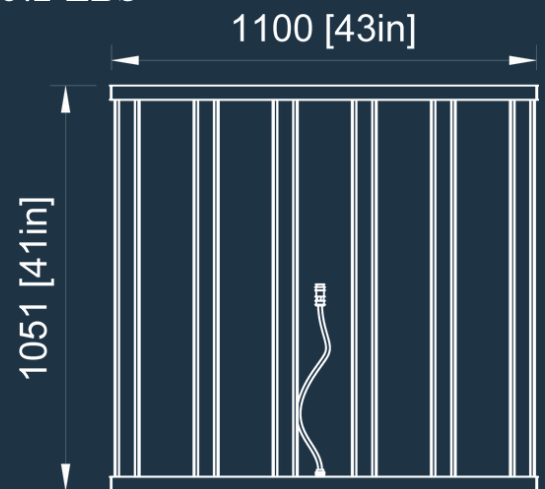

SPECTRUM

DIMENSIONS & WEIGHT

43" x 41"

19.2 LBS

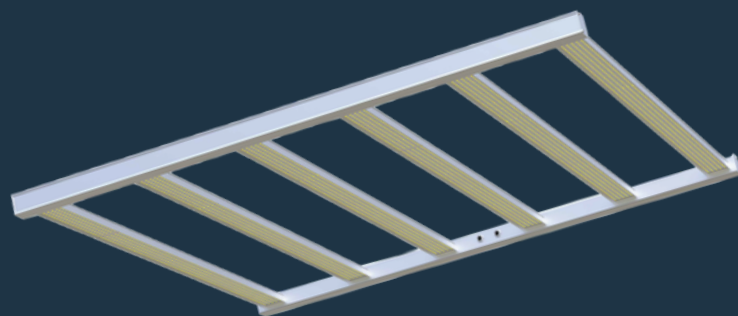

Creating the perfect flowering spectrum isn't easy but we got pretty close with this one. Unique in its ability to almost directly replace an HPS and offering 120° light distribution, the Aelius Redd spectrum will not disappoint. This Feisty Far Red is changing the game when it comes to genetic expression! Adding Far Red to our spectrum has allowed for larger leaf size and increased light absorption. The result: bigger buds packed with terpenes.
