**Equipment Description:** GGS Aluminum Rolling Growing Tables - Includes 4 - aluminum poles. Tabletop is on rollers so you can push it aside to create an aisle as needed. GGS Rolling tables increase your profits by eliminating the need for dedicated aisles, creating up to 50% more production space compared to stationary benches. Custom fabricated in varying widths and lengths, our one-touch easy roll bench tops feature all-aluminum construction to prevent corrosion. These greenhouse tables are ideal for optimizing space efficiency in commercial growing environments.
